Subject: RE: Question re: Plough report

Sam – I just went in to our system to pull another document and noticed there are two different places to submit the two different reports for the 8/1 deadline. I didn't realize that! I see that the documents were submitted on time and separately – which totally makes sense – except I forgot we did it that way. All that to say, not seeing the document was an error on my part – apologies.

Subject: RE: Question re: Plough report

Hello!

Perhaps this was overlooked in the submission but it alludes to the information you are requesting. If this is not adequate, please advise which area(s) you would like further elaboration. Thanking you in advance!

Subject: Question re: Plough report

Hi Sam I hope this finds you well. I have a question about the report submitted earlier this month. Since this was an August report, I was looking for information on fundraising, research, and the communications plan. I could not find that information in the materials submitted, but it s possible I m looking in the wrong place. Did you all include that update somewhere in the submission? If not, is that something you can forward by the end of next week? You can just email it to me and I ll include it with the August report in our system.

We are trying to make sure we have all of the documents needed to process the September payment.

Courtney
